

Naturelle Latex™

RING CUSHION

Provides comfort and support where it's needed most.

For post-natal and post-operative discomfort, haemorrhoids, bruised coccyx and other painful afflictions.

- Latex – Ideal compound to diffuse and spread the pressure
- Covered in moisture-resistant bacteria inhibiting (hospital grade) Steri-Plus™
- Anti-bacterial, mould and dust free
- Won't sag or lose its shape

“Great for use in office & home & also handy for outdoors”

Latex is bio-degradable, naturally! Our latex is non-toxic and contaminant-free, its natural properties inhibit bacterial and fungal growth, and it provides an inhospitable environment for dust mites. Latex is a renewable and sustainable resource.
